God has given a plan to transform cities. Come and see how ordinary people are seeing extraordinary transformation in their communities. Join Transformation Canada for this catalytic event, designed to provide a forum to envision how cities and communities can be transformed. It can happen! Hear how cities and even nations are being transformed all over the world through strategic prayer, meeting felt needs, and validating individuals as they begin to understand that they are the Ekklesia (church) in whatever area of influence they are called.

Cities can be transformed, nations can be discipled and the whole can be greater than the sum of its parts!

Pastors; bring some of your key marketplace leaders.
